

LEARNING FOR LIFE PROGRAMME (LLP)

DISTINCTIVE PROGRAMME

ABOUT

The Learning For Life Programme (LLP) seeks to develop GESSians to be confident and effective student leaders who strive to positively impact their community through the **3D** approach – **Discovering** myself, **Developing** good habits and **Designing** our world.

The programme leverages on enabling GESSians to understand themselves better through the Myers-Briggs Type Indicator (MBTI) assessment before strengthening life skills through a series of school activities such as the GESS Camp and the ViA Programme.

A Sec 1 GESSian explaining how kidney patients perform dialysis by themselves.

Our NKF Ambassador ushering Minister for Education, Mr Ng Chee Meng during the official opening of the Kidney Discovery Centre.

SIGNATURE PROGRAMMES

GESS FOUNDER'S DAY

GESSians working together to spread awareness in kidney health among community members.

Aligning with our Founder, Mr Gan Eng Seng's vision to contribute to the community, the GESS Founder's Day is celebrated yearly through a whole-school approach in accomplishing a community project.

Notable community projects include partnering with the National Kidney Foundation (NKF) to raise awareness in kidney health among the public during the Walk-For-A-Cause and serving as student ambassadors in the official opening of the Kidney Discovery Centre (KDC).

LEVEL GESS CAMP

Team building among GESSians during GESS Camp

The level GESS camp is designed to forge strong camaraderie and also instil critical life skills such as team work, discipline and resilience among each cohort of Gessians.

Key focus for each level camp:

- Sec 1: Self-Leadership
- Sec 2: Outdoor Adventure
- Sec 3: Community Leadership
- Sec 4 & 5: Life and Social Skills

All smiles on deck!

VALUES-IN-ACTION (VIA)

GESSians paying it forward to their community through Values-in-Action.

GESS believes that values are inculcated in both in the classrooms and beyond. Hence the planning of the Values-in-Action programme carried out each year strives to ignite GESSians' passion to actively engage and serve their community.

Through their four to five years journey in GESS, GESSians are given opportunities to partner with various external agencies such as the Kim Seng YEC to reach out to serve the community. This win-win partnership helps GESSians to grow to be more empathetic young adults and put their relationship management skills learnt to action.
