An Overview

# The National Digital Literacy Programme (NDLP)

1. The NDLP was launched in March 2020 to **make digital learning inclusive by equipping students with the digital skills** to be future-ready.
2. Under the NDLP, every secondary school student will **own a school-prescribed personal learning device (PLD)**.  
Students may use funds from their Edusave Account to pay for the PLD.

# Intended Outcomes of the PLD Initiative

The use of the PLD for teaching and learning aims to:

**Support the  
Development of  
Digital Literacy**

**Support Self-Directed

Topics covered in the Cyber Wellness lessons include:

- Cyber Use
- Cyber Identity
- Cyber Relationships
- Cyber Citizenship
- Cyber Ethics

# Device Management Application Installation (Mobile Guardian)

- Your child's/ward's PLD will be installed with a Device Management Application (DMA) to provide a safer digital environment for learning.
- Installation of the DMA will be performed after the collection of the device. Students will be guided on the installation.
- This applies to both devices purchased through the school and pre-existing student-owned devices.
- The DMA will be **funded by MOE** and will be **uninstalled** from the device **when your child/ward graduates/leaves the school.**

# In-School DMA Settings (Default)

## Weekdays 6.00am to 6.00pm

Schools will determine DMA settings for **in-school use**. As a default, these settings will continue to be in place after school as well:

- MOE will set the level of web content filtering, including filtering out objectionable content or content that may not be conducive to teaching and learning (e.g. social media, pornography, gambling, or websites containing extremist content)
- The school will determine the apps and programs to be installed to support teaching and learning; students will not be able to access the Apple App Store to download their own apps during this time.

# Providing Parents/Guardians with Greater Choice for After-School PLD Use (6.01pm to 5.59am on weekdays, and whole day on weekends and school holidays)

Default	Option A	Option B
<p><b>In-school DMA settings will continue after school hours</b></p>	<p><b>Parents/Guardians can modify the DMA settings after school hours</b></p>	<p><b>Parents/Guardians can choose to disable DMA after school hours</b></p>
<p>For parents/guardians who want their child’s/ward’s use of the devices to be restricted only to teaching and learning, and prefer to leave it to the school to decide on DMA settings after school hours.</p>	<p>For parents/guardians who want more leeway over the use of the device, and prefer to take charge of the level of restrictions for their child’s/ward’s use of the device after school hours.</p>	<p>For parents/guardians who do not want their child’s/ward’s use of the device to be regulated by DMA after school.</p>

- Having default school settings continue after school hours is the best option for parents/guardians who prefer not to, or do not feel ready to manage their child’s/ward’s device use on their own.
- Parents/guardians can request to change their choice of DMA settings at any time.

You do **NOT** need to purchase a PLD if you have an iPad installed with iOS 14.6 (minimum), and if you consent to installing the DMA on this device. There is also no 'upgrade' option (e.g. to a 128GB model).

You will have to purchase your own Apple Pencil and case for your child/ward, if you choose to use your own device.

You can indicate your intention to **NOT** purchase the PLD on the consent form, and the school ICT team will contact you regarding the device suitability assessment.

If you have earlier indicated your desire to purchase the PLD, but have since changed your mind, please fill in the consent form again. We will take the latest response.

# Funding Support for Singapore Citizen (SC) Students

- **The cost of the device bundle can be paid using your child's/ward's Edusave account**, after setting aside provision for payment of second-tier miscellaneous fees.
- To ensure the affordability of devices, MOE has provided Edusave top-ups of \$200 in 2020 and \$200 in May 2021 (as part of the Household Support Package announced in Budget 2021), to all eligible SC students in primary and secondary schools.
- This is on top of the annual \$290 credited into the Edusave account for Secondary School students and \$230 for Primary School students.

# Funding Support for Singapore Citizen (SC) Students

- For SC students who are on MOE Financial Assistance Scheme or whose family's monthly income meets the following criteria:

*Gross Household Income (GHI)  $\leq$  \$2,750, or*

*Per Capita Income (PCI)  $\leq$  \$690*

**the school will subsidise 50% of device bundle cost or \$350, whichever is lower.**

- The remaining amount will be payable from the students' Edusave account. If there is insufficient balance in the students' Edusave account for the remaining amount, school will provide additional subsidy so that the cash out-of-pocket (OOP) is \$0.

# Funding Support for Singapore Citizen (SC) Students

- For SC students whose family's monthly income is:

*$\$2,750 < \text{Gross Household Income (GHI)} \leq \$4,000$ , or*

*$\$690 < \text{Per Capita Income (PCI)} \leq \$1,000$*

**the school will subsidise 30% of device bundle cost or \$200, whichever is lower.**

- The remaining amount will be payable from the students' Edusave account. If there is insufficient balance in the students' Edusave account for the remaining amount, school will provide additional subsidy so that the cash out-of-pocket (OOP) is not more than \$50.

# Funding Support for Singapore Citizen (SC) Students

- SC students whose family's monthly Gross Household Income (GHI) > \$4,000 or monthly Per Capita Income (PCI) > \$1,000, **no subsidy will be provided**. Parents/Guardians can use their child's/ward's Edusave or cash to defray the device bundle cost.

# Funding Support for Non-Singapore Citizen Students

- Permanent residents (PR) and international students (IS) who need support could apply for subsidies, particularly those whose Gross Household Income (GHI) is below \$4000 or Per Capita Income (PCI)<sup>#</sup> is below \$1000.
